

Will Build Factory For Manufacture Of Electrical Porcelain

The announcement that a factory to manufacture electric porcelainware would locate in Newmarket was made this week by Joseph Vale, chairman of the industrial committee of the Newmarket town council.

The factory will operate under a company formed by Kenneth Davis, son of Andrew J. Davis, vice-president of Davis Leather Co.

It is anticipated that with the advent of this factory, a total of approximately 200 new jobs will have been provided in Newmarket. The new factory will employ an estimated 50 employees, half of which will be women.

The new factory will be erected on the vacant land on Charles St. with the building, now being used by Quinlan Manufacturing Co., used as an office building. "We hope to build as soon as possible," said Mr. Davis, commenting on the announcement.

"In locating in Newmarket, Mr. Davis is following the tradition of his grandfather, father and uncles who developed Davis Leather Co. to its present prominence," said Mr. Vale.

L. H. BOVAIR

L. H. Bovair was elected chairman of the public school board at the first meeting of the board this year on Friday night in the council chambers. The former chairman of the property committee was commended for his work on that committee and welcomed to his new office as chairman of the board by the retiring chairman, Dr. G. E. Case. Mrs. Madeline Mathews, newly elected member of the board, was also welcomed to the board by Dr. G. E. Case. Before he stepped down from the chair, Dr. Case thanked all members of the board for their co-operation and untiring efforts on behalf of the schools.

The board ordered advertising for tenders to install a new heating system in Alexander Muir school. It was estimated by a consulting engineer that the cost of a new heating system in the school would be \$5,000 and that it would be six months before all the necessary equipment was available.

"Have there been any complaints of coal gas in Alexander Muir school?" asked C. Mordean Carter. "Tuesday morning I didn't feel well and left the school for a breath of fresh air. Returning to the classroom I could smell it," replied Vice-Principal Fred A. Hall.

R. D. Brown was re-appointed as the public school board representative to the high school board. Principal H. A. Jackson was re-appointed to the library board. Mrs. O. P. Hamilton was confirmed as attendance officer for another year with an increase of \$50 in salary for a total of \$275.

Dr. Wesley, answering an enquiry as to the purity of the town's water supply, said that water from the Strigley St. well showed class A. "This means that in 50 c.c.s. of water, there was no sign of bacteria," he said. He added that the Colter St. well from time to time tested poorly and as a result, care was exercised in its use.

Asked about milk tests, Dr. Wesley said that the milk distributed by town dairies was tested regularly and that milk which came from out of town where it was tested, was tested again in town.

A resolution was passed on a motion of Mrs. Bell asking the town council to provide a municipal garbage collection since the present system was inadequate and a "hazard to health." "A very timely move," said Dr. Cock.

Chief Constable James F. Leeder was called to investigate a complaint of assault and theft at the home of Mrs. J. F. Eakins, Charles St., last Thursday morning. Mrs. Eakins told the police she had been speaking on the telephone when she was struck on the head. Recovering consciousness, Mrs. Eakins reported, she found the house ransacked and told the police a \$5 bill was missing.

**Former Bell Chief Here
C. W. Holmes Promoted**

C. W. "Chaff" Holmes, former Newmarket Bell Telephone manager and for the last five years resident of Stratford as superintendent of construction, has been promoted to the post of construction supervisor for the Hamilton district. Mr. Holmes will be remembered here as an ardent hockey fan and for his associations with various hockey clubs. Mrs. Holmes and their two sons, Donald, 8, and Robert, 3, will continue to live in Stratford until Mr. Holmes is able to secure living quarters in Hamilton.

Board Grants Use Of H.S. Auditorium For Outside Dances

The Newmarket high school board granted the Newmarket Lions club the use of the high school auditorium for a dance, at the regular meeting of the board. The decision to open the high school to other non-school organizations with the end of the regular Red Cross dances came after discussion lasting some weeks.

On a motion by A. N. Belugin, seconded by W. J. Patterson, it was resolved to grant the use of the auditorium to the Newmarket Lions club on Friday nights once a month providing no other organization claimed the available Friday nights. The use of the auditorium by outside groups was limited to once a month because of school activities.

The discussion leading up to the use of the high school for dances was opened by Wm. Geer. He pointed out that the Lions club must find new ways to raise money and had intended to have dances at the high school for that purpose. "Why not use the Soldiers' club?" asked Ralph Bong. "I feel that the high school should be open to

the public," replied Mr. Geer. "Practically every community that I know of is using the high school for community purposes," said Mr. Geer. "Other schools have outside entrances to the auditorium," said Mr. Patterson. "The Aurora high school was open for dancing New Year's Eve and people coming into the school have to go further than in Newmarket to reach the auditorium," replied Mr. Geer.

"I have no objection to the Lions club using the high school auditorium for their dances but not on all of the available nights," said the chairman of the board, G. L. Manning. "If it is open to the public, the Lions should not have exclusive rights to the use of the school," agreed R. D. Brown.

At this point, the resolution was offered by Mr. Belugin with the understanding that no one organization could apply for use of all available nights. Mr. Manning pointed out that applications for the use of the auditorium must be made with the understanding that the rent of the auditorium was \$20 and the cafeteria was \$5.

TOWN REFUSE PICK UP SAID NEEDED HERE

Dr. J. Gordon Cock, recently returned from overseas, was named chairman at the first meeting of the new Newmarket Board of Health in the town clerk's office Thursday morning. Present at the meeting were Dr. J. H. Wesley, medical officer of health, Miss Helen Gardiner, new public health nurse, Mayor Dr. L. W. Dales, Mrs. Ann Bell, R. C. Morrison and Clerk Wesley Brooks.

Dr. Wesley, answering an enquiry as to the purity of the town's water supply, said that water from the Strigley St. well showed class A. "This means that in 50 c.c.s. of water, there was no sign of bacteria," he said. He added that the Colter St. well from time to time tested poorly and as a result, care was exercised in its use.

Asked about milk tests, Dr. Wesley said that the milk distributed by town dairies was tested regularly and that milk which came from out of town where it was tested, was tested again in town.

A resolution was passed on a motion of Mrs. Bell asking the town council to provide a municipal garbage collection since the present system was inadequate and a "hazard to health." "A very timely move," said Dr. Cock.

**LIONS FEAST SONS
AT MONDAY MEETING**

The Newmarket Lions club entertained the sons of its members at a father and son meeting last Monday. The basement of St. Paul's parish hall was crowded to capacity as the sons of the members joined with their fathers in the meeting.

Rev. Gordon Lapp, Keswick, guest speaker for the occasion, emphasized the need of teamwork in the years ahead. Introduced by B. A. Budd, Mr. Lapp said that the team-play learned now would be an invaluable asset to the nation in the years ahead. He urged them to take the same principles of working together in sports into the world as they grew older.

IT'S SEED CLEANING TIME

More and more farmers are adopting the practice of cleaning up their seed grain in the winter months to be ready for the spring rush. Power custom seed cleaning plants such as the one operated at Aurora must of necessity spread their work over a number of months as all seed obviously cannot be cleaned after spring begins to make itself felt.

A large percentage of farmers still clean up their own seed with the farm fanning mill but some of the screens have become damaged. As replacements have always been a problem, the local agricultural representative, W. M. Cockburn, has for some years carried a wide assortment of wire and zinc screen material. Mr. Cockburn said farmers from Uxbridge to Orangeville have been coming to his office to obtain the necessary screens to repair their sieves. Farmers are advised to bring along the old frames and a pint of the seeds to be cleaned to test for size of mesh or perforations.

Compulsory Grading Urged By Farm Forum Members

By MRS. W. H. WILMOT

The Newmarket East Radio Forum met Monday night at the home of Mr. and Mrs. Bruce McNern. "Are national farm organizations effective?" was the topic of the broadcast and discussion. As all farmers benefit through the activities of national organizations, it was thought that all should join to give strength of numbers, thought and finances.

The Canadian Federation of Agriculture should broaden its activities and the group thought that it should endorse the principle of a compulsory graded produce to command a premium price and encourage consumer production. The value of a "farm bloc" was reviewed.

Leslie Mount and Ivan Eves reported that as far as they could ascertain, if the Newmarket military camp were to be closed, all equipment would be turned over to War Assets Corporation. If it could be made available as a recreation centre or health centre, we should approach the authorities as the farmers have representation on this board.

Miss Brookfield, though not present, sent in a report that hot punches were being provided at the school. A resolution was passed asking York County Federation of Agriculture to purchase a projector and form a film circuit. All members were agreed that Japanese Canadians and those naturalized should be made residents of Canada. This was in answer to a poll of public opinion on the subject.

Floyd Pegg invited the forum to have its next meeting at his home. Mr. and Mrs. W. Eves were appointed recreational leaders.

BOARD SEEKS SWIFT ACTION IN H. S. WING

A demand for immediate action in the construction of a new wing for the teaching of vocational training, home economics and agriculture for the Newmarket high school was made by A. N. Belugin at the high school board meeting Monday night. Mr. Belugin's demand followed the reading of a letter from the construction controller saying that all controls on construction had been revoked and that it was now possible for the board to go ahead with its construction program.

"This letter is the green light for us to go ahead," said Mr. Belugin. "The next step is up to us. Our plans have been approved by the department of education in Toronto. The next thing is to ask the town council to order the issuance of debentures to pay for the wing."

"Materials are short and there is a lot of red tape that must be bypassed before the actual construction can start. We must begin to act now if we are ever to have the wing built."

Mr. Belugin read a draft of a letter which he said should be sent to the town council in which the cost and the extent of the grants would be outlined and which would ask of the council immediate action in preparing to meet the costs of the building.

The board decided to hold over the letter until architects could be consulted as to the estimated cost of the addition in view of the changing costs of construction materials. "We will receive an estimated grant from the provincial government of 70 to 75 percent of the cost of the new addition," Mr. Belugin said.

Need for an addition to the high school was voiced some months ago when high school board members met with the rehabilitation committee to discuss provision of an addition to the high school where home economics and vocational training could be taught.

Plans for a new wing were drawn but a building permit was refused by the federal building controller. Later the plans of addition were changed to include the teaching of agriculture.

Since the construction of a new addition was mentioned last year, the high school has suffered from overcrowding with as many as 47 in one classroom. "If we did not build the new addition, we would have to construct extra classrooms anyway," Mr. Belugin commented Monday night.

Juveniles Drop Opener 4-2, Aurora Shows Speed, Savvy

By ORVILLE GANTON

In the opening O.M.I.A. juvenile fixture, Aurora showed too much speed and finish for Les Deazer's pets who went down by a 4-2 count. Aurora set a fast clip from the outset to lead 2-0 at the end of the first stanza. Billy McGhee scored the first and set the other up nicely for pal Simmons.

In the second period "Motts" Thoms beat Smith with a long shot but Nye came right back with one for Aurora. Referee Life banished McGhee and Bone for fistfighting and play lived up considerably. Aurora pressed hard but Monkman rose to the occasion with some brilliant stopping.

In the final period, Newmarket had a distinct edge on the play. Thoms and Broughton made some smart sorties on the Aurora citadel with Broughton finally flashing the red light on a pass from Thoms. Newmarket fought hard for the equalizer with Thoms and Broughton carrying the mail and bringing the fans to their feet with some sharp passing plays. However, Nye again turned the trick to put his team in the clear.

For Aurora "Hard-Man" McGhee and Simmons looked good with Doolittle on defense blocking nicely. "Motts" Thoms and big Ken Broughton were stand-outs for Newmarket, although Monkman turned in a good chore in the nets.

Aurora seemed to have too much experience; Newmarket improved as the game progressed. Jack Life kept everything under control and passed out five penalties. These games should draw sell-out crowds.

Last Of Four Nephews Has Now Arrived Home

Pte. Jake Thompson, who returned to Canada on the Queen Elizabeth and arrived in Toronto on Wednesday, is the last of the four nephews of Miss Margaret Morning, Newmarket, to return home.

Cpl. Michael Thompson was the first, returning in August last year. Sgt. FIRE PROTECTION CAN BE IMPROVED

Elsewhere on this page there appears a letter from John Crawford, clerk of the township of Whitechurch, replying to an editorial Dec. 13 in which it was stated that the Whitechurch township council was not providing adequate fire protection for its residents. The editorial is re-printing in full following the letter.

We appreciate Mr. Crawford's letter and welcome the opportunity of printing it. Any discussion of such an important matter as fire protection can only benefit the municipality. Mr. Crawford's letter contains a detailed record of the township's efforts to provide adequate fire protection for the township as well as noting the negotiations between Newmarket and the township of Whitechurch on that issue.

We feel, however, that Mr. Crawford's letter does not answer the charge contained in the Dec. 13 editorial that Whitechurch council is not providing fire protection "with every means at its disposal" to its residents adjacent to Newmarket. Signing a contract with Aurora is not providing the utmost of fire protection that the residents of the township deserve.

A fire contract with Aurora is the best protection that can, with existing facilities, be provided in the central and southern part of the township. Our contention is simply this. That to provide the maximum protection to the residents of Whitechurch, those areas in the north part of the township, adjacent to Newmarket, should also be serviced by the Newmarket fire brigade which can be on the scene of the fire much sooner than Aurora because of the shorter distance. By failing to provide that service Whitechurch is not providing the maximum fire protection.

Mr. Crawford mentions a letter written to Whitechurch from Newmarket in May, 1944, suggesting rates for a fire contract and which was labelled, as Mr. Crawford notes, "a basis for discussion." No reply was received from the township. Since the letter, there have been several verbal discussions. The motive behind the letter and the discussions has been the provision of fire protection in the area around Newmarket. Since Whitechurch council has refused to formally discuss the possibility of fire protection in areas adjacent to Newmarket, the only conclusion is that the council of Whitechurch is not alive to the need of such protection, the folly of which was demonstrated in the fire at the home of James Prior.

MORE EMPHASIS ON CRIME PREVENTION

As the crime wave continues, the penalties become increasingly severe. There is a desire to make example of criminals so that others, fearing a similar harsh punishment, will be deterred from criminal acts.

Legislators and judges have followed the principle that the worse the crime, the harsher the punishment for years beyond count. Yet periodically, the country is terrorized by new outbreaks of crime. It would appear that the punishment of criminals and the method of administering it are at fault.

Our attitude towards crime is comparable to what our attitude towards illness was in the past. If a man commits a crime, punish him. If a person is sick, cure him. But now doctors have learned that the illness can be prevented and our lives are governed by practices designed to prevent illness. We are aware of our diet, we watch our dress. We observe certain rules of

sanitation. And with this, we avoid illness that was certain in our fathers' days.

Where great advances have been made in preventative medicine, our attitude towards crime remains old fashioned. We are not yet nationally aware of preventative methods against crime. We continue to apply the same old rule, punish according to the crime, with too little thought towards preventing the crime.

It has been no coincidence that the two world wars have been followed by crime waves. Experienced in the last war, voices have been raised during this war warning that an inevitable result would be a repetition of the gaudy 20's unless steps were taken to prevent it. The voices were unheeded. In isolated instances, youth leaders, recreation groups, education centres have made stands against the inroads of criminal tendencies. Individually, they received only a small measure of the support they needed. Much has yet to be done.

The task ahead of schools, churches, youth organizations and leaders is a mighty one. They must not only inculcate into their pupils and their members the respect of law and the rights of others, but they must preach to the nation that crime can be prevented with the removal of slums, of economic injustices, with the provision of adequate recreation and vocational centres, and above all, by education in respect for the rights of others.

GRAVE ISSUE IN WALES

Every locality is having reconversion problems which are typical to it alone, with no precedent by which to be guided in the making of momentous decisions. Just such a problem is being bravely faced in the Welsh village of Llanfairpwllgwyngyllgogorachwyndorobwllantysilio-gogoch where an effort is being made to abbreviate the name to conform with this fast-moving world.

The objection raised to shortening the name is that Llanfair P.G., the version now used in everyday conversation, doesn't mean anything. The original, 58-letter version, is freely translated as "a mad bard's dream" although on the word of our printers, it is more of a "mad typesetter's dream."

Another suggestion, which the reporter says is that held by "sensible people" is Llanfairpwllgwyngyll, which means "the church of St. Mary in a hollow of white hazel."

So far, there has been no report on whether or not Llan . . . etc. has been abbreviated. We rather suspect that the residents are sticking out for the original since an authorized abbreviation would be hailed by the press while reporting that Llan . . . etc. was being retained would not be worth the effort of printing it.

CORRECTION

Two weeks ago, in an editorial headed Use Of Provincial School Grants, we stated that the public school board in Newmarket had not levied on the town and urged that it do so while the town could afford it. We were in error. The public school board last year received \$17,000 of Newmarket taxes.

In Passing

Post-war note: We had always assumed as did, we suppose, the majority of our correspondents that the one-cent stamp they put on their envelopes to send their news to this office was useless once it had carried the envelope through the mails. We find, however, that the one-cent stamps coming to this office are only beginning their career.

A girl in the office very industriously tears off each stamp and puts it away in a box she keeps for that purpose. When she has accumulated a sufficient number of these stamps, she puts them in a package and addresses it to England where the stamps are sold to young collectors. The proceeds from these stamp sales are used in work among the English bomb victims.

The heavy fall of snow in the early part of the week and the low temperatures that have followed seem in a fair way to be bearing out the forecast of Dr. R. E. Delany, solar physicist at the Dominion Observatory, that this winter will be colder and snowier than last.

GOSPEL ECHOES

By Rev. G. H. Bache, Pastor, Free Methodist Church

What Shall The Harvest Be?

"Then Isaac sowed in that land and received in the same year a hundredfold and the Lord blessed him. And the man waxed great, and went forward and grew until he became very great, for he had possession of flocks, and possession of herds, and great store of servants, and the Philistines envied him."

Gen. 26: 12-14.

A "hundredfold" increase is

great gain. Isaac's wheatfield in the desert would match a bumper crop in Western Canada; if he had lived in one of our corn counties, all the farmers would want to buy seed corn from him. The secret of his success is made known in four words, "The Lord blessed him."

Obedience had a similar experience while the ark of God remained at his place for safe-keeping. In the parable of the sower that Jesus gave concerning our dispensation, He fixes the rate of increase at "30, 60 and a hundredfold." With Isaac it meant plowing, harrowing, sowing, digging wells and caring for the flocks and herds. With us as Christian workers, it means preaching, praying and singing, leading souls to fountains of living water and carefully shepherding the souls whom God has so graciously transformed by the power of His grace.

There is much talk and concern among churchmen about the need of revival. The world stands shocked over the reports of cruelties to innocent men and women by men whose lives have been untouched by the Gospel.

The fearful increase of wickedness in our own land is causing alarm. Our sowing the seed of truth will compare to Isaac in his desert tillage. Under God the desert can be made to blossom as the rose. Nothing short of a full blood atonement and the energizing power of the Holy Ghost will be equal to the great task before us.

Letter To The Editor

Editor, The Era and Express: I have been instructed by the officers and members of the Newmarket Veterans' Association to thank you for your excellent editorial in a recent issue of The Newmarket Era and Express.

The editorial, dealing with raffles, draws and bingos, has been read with a great deal of interest and appreciation by many of our members and we are all very grateful for your kind interest and co-operation.

Sincerely yours,
Geo. B. Wales,
Secretary-treasurer.

Newmarket, Ont.,
Jan. 10, 1946.

Editor, The Era and Express: The Newmarket Era and Express, issue, of Dec. 13, carried an account and editorial of the 2 a.m. fire, Monday, Dec. 10, at the James Prior home, Strigley St., in Whitechurch. I am instructed by the council of the township of Whitechurch to reply to these articles, and respectfully ask that you print my letter in detail.

Prior to 1937, Whitechurch was without any agreement whatsoever, to fight fires in this municipality. In some cases, the fire trucks came in from neighboring municipalities on a voluntary basis when called by the people who suffered the fire loss. In other cases, the sanction of the reeve, councillor or clerk was required before any action was taken, with a resultant further loss of property.

To get away from this hit and miss method of fighting fires, the council, early in 1937, appointed Councillor Evans and myself as a committee to wait on the several fire departments to try and obtain agreements whereby the whole of the township of Whitechurch would have adequate fire protection, supplied by the fire brigades of the neighboring municipalities, and said services to be paid out of the general fund of the municipality of Whitechurch.

The town of Aurora consented to enter into an agreement with us to fight fires in an area from, and including Wilcox Lake to one mile north of Aurora, and from Yonge St. to the 5th con., at a rate of \$40 for the first one and a half hours and \$10 per hour thereafter; this agreement was signed on September 17, 1937, and renewed annually. All charges for fire calls were paid by a special levy on this area.

Newmarket, through its Fire Chief Osborne, would not enter into an agreement or obligate the fire brigade in any way, stating it would be only too glad to answer any calls in an area which the business section of Newmarket served without remuneration.

On May 16, 1944, Reeve Leary received a communication from the mayor of Newmarket, enclosing a copy of a letter from the Newmarket fire brigade, suggesting that an area in the township of Whitechurch could be covered by their fire equipment, and that a retainer fee of \$100 be charged the township, with an additional charge of \$40 for each call, and \$10 per hour for time actually spent in fighting fires. The letter was clearly labelled "a basis for discussion," and was the first and only approach by Newmarket signifying its willingness to enter into a fire area agreement.

This communication was no doubt motivated by the fact that the Whitechurch council had publicly signified intention of entering into a new agreement with Aurora and the township of King, whereby Aurora would purchase a new fire truck and up-to-date equipment to be used in a newly formed area. The reason for this move was that the Aurora brigade's hands were tied the same as that of Newmarket, in that its first obligation, with one vehicle, was to the municipality which owned the equipment, and that some of the equipment was old, and too slow to service outside fires. We had no adverse criticism, and Aurora ordered the new equipment.

The capital cost of this equipment was to be spread over a period of ten years, King paying 30 percent, Whitechurch 30 percent and Aurora 40 percent, with both King and Whitechurch having representation on the Aurora fire committee. After much discussion King backed down, for reasons of its own. Finally, to get the services of the new equipment, we settled with Aurora for a yearly retainer fee of \$250, and \$40 for the first one and a half hours and \$10 per hour thereafter. The Aurora area was then extended for two reasons, the new equipment could easily service more territory (which was proven in their prompt action in the Prior fire), and, to be economically sound, in that the levy would not form a burden on the persons receiving the benefits.

We asked for, and got, the co-operation of the telephone exchanges in the area affected in giving a direct line to Aurora for any fire calls. This was the suggestion and accomplishment of the committee from the township of Whitechurch, formed to get more adequate protection, a

committee from the municipality who is now being rimmed for failing to assume its responsibility to its ratepayers.

The proposal of the Newmarket brigade was not acceptable on the grounds that it was in no better position today to fight outside fires than it was prior to 1937, and that its "First Love" still remains the town of Newmarket. In our opinion it was an attempt to get an agreement similar to the Aurora agreement on its present equipment. Failing to accomplish this, the last outburst on the part of a few members of the Newmarket fire committee merely proves the desire of one or two persons there, to renew the age-old feud between Newmarket and Aurora with the township of Whitechurch as the chess between the brand which roll Whitechurch refuses to play.

The Aurora fire brigade has a responsibility, but not exclusive rights, in this area. The Newmarket brigade will not be told to go home, if it answers a call and its services are required, as Mr. Bowser suggests.

The Newmarket brigade has rendered a service to the township of Whitechurch in past years, for which we are very grateful.

If the Newmarket fire committee is now being remodelled and would like to take on more territory, all we can say is that it started five years too late. I can only liken the persons responsible, to the parable of The Foolish Virgins who tarried too long and, at the appointed hour, their lamps were not trimmed, and they found themselves outside closed doors.

Mr. Editor, now that you have our side of the story, who, do you think, started this fire area idea? Who, do you say, is assuming whose responsibilities? Who, do you think, has the interest of the ratepayers of the township of Whitechurch at heart?

I would advise you to recheck the records referred to in your editorial of Dec. 13 for undoubtedly yours and mine do not agree.

It seems to me that an editor of a weekly newspaper, such as yours, who, to some extent moulds the thoughts and opinions of the reading public, should first acquaint himself of the facts, before going all out, to criticise the policy of a neighboring municipality.

Yours truly,
John W. Crawford,
Clerk, township of Whitechurch.

Vandorf, Ont.
Jan. 8, 1946.

Editor's note: The editorial to which Mr. Crawford refers is reprinted below in its entirety:

THE RESPONSIBILITY IS WHITECHURCH'S

Fire destroyed the home of Mr. and Mrs. James Prior within a half mile of Newmarket limits, early Monday morning. It might have cost the four occupants of the home their lives. The sky was lit with the glow of the flames but the Newmarket fire brigade was not called out. Why?

The Newmarket fire brigade is under no legal obligation to answer fire calls outside the municipality unless there is a fire agreement covering such calls. There is no agreement between Newmarket and Whitechurch. The record shows that the Newmarket council has made several attempts to arrange such a contract but the council of Whitechurch has shown no interest.

Whether or not the Newmarket fire brigade should have gone to the fire, contract or no contract, is an open question. Newmarket firemen have responded to fire calls in Whitechurch before and on the testimony of Councillor Frank Bowser, have not had even a cold shank of a thank you-out of it. Admittedly it is not neighborly to remain in bed while someone's home burns down but it is no worse than for Whitechurch to depend on a neighboring municipality to assume its obligations.

Whitechurch does have a fire contract with Aurora and the Aurora fire brigade answered the call. Such an agreement may provide protection for other parts of the township but it is foolish to expect the Aurora fire brigade to do the same job the Newmarket fire brigade could do in the northern and eastern part of the township. The handicap of distance is not easily overcome.

It is the responsibility of the council of the township of Whitechurch to provide adequate fire protection for its residents with every means at its disposal. There is no excuse for having the Aurora brigade come from a half mile of Newmarket town limits when Newmarket firemen could be there to half the time. That is not providing adequate protection. In the past, Whitechurch seems to have relied on the goodwill of Newmarket firemen to do its job. Now let Whitechurch assume its own responsibilities.

PROFILE OF A SHOWMAN

By ORVILLE GANTON

Bert Gilkes, projectionist at our local flicker-house, is undoubtedly the town's most prolific showman. Breaking in professionally 'way back when Mary Pickford was a winsome young miss and Charlie Chaplin was just another young ham, he has seen one revolutionary advance in the cinema and says he is looking forward to installing television soon.

Bert is a born showman. At a tender age he kicked off his diapers, threw away his rattle, coaxed Santa for a magic lantern and dramatically announced the grand premiere of the greatest show in town. A versatile showman at the age of eight, he was a full fledged director-self-appointed of Newmarket Fall Fair. He was always willing to postpone his work at the Alexander Muir and hasten to the fair grounds to help set up the merry-go-round, judge the pasty or run errands for the kandy-kitchen. A congenial cove, he would dally for hours at the railway stations to warmly welcome the brethren of Howe's Greater London Shows, to lead Simon Legree's bloodhounds or carry the drum for Rockwell's Sunny South.

Like all great showmen, he is a generous chap. "Send them home for an apple," he told his box office attendants in the good old days when young patrons were unable to raise the one cent admission fee that he charged for his colossal extravaganzas.

Bert has been operating the machines in local movie houses for over 30 years and has entertained almost three million theatre-goers. The brothers are all electricians. His two brothers, Morley and Oswald, served their projectionist apprenticeships under him. Another brother, Don, recently opened an electric shop in Aurora. His son, Harold, was chief electrician at the camp during the war. Bert's mother is an ardent movie fan, too, and has been a regular attendant for years.

"How in heck would I know," I haven't seen a picture in years," Bert quips when quizzed about his favorite actress. Then the Barnum instinct returns as he passes a cigarette, grins, and drawls, "Grabble is pretty sharp but don't miss next week's picture, it's stupendous."

The Home and School Association will meet at Alexander Muir school on Tuesday evening, Jan. 22. Mrs. P. A. McClelland, Leaside, will be the speaker, talking on arts and crafts. Sgt. Best of the Newmarket military camp will tell of the work being done in handwork and plastics.

THE COMMON ROUND THROUGH OTHER EYES

By ISABEL INGLIS COLVILLE

When one is ill, one sees things through other people's eyes which, to say the least, is a new experience, and another experience is getting better acquainted with familiar things. For instance, there is a great pine tree outside my bedroom window. I've always loved that tree for in summer it's a sort of birds' hotel, beloved of robins and woodpeckers and orioles, and a permanent abiding place for all sorts of squirrels, those little clowns who pelt the cats with chestnuts or sit with their tiny hands folded on their tummies planning new mischief. Since I've lain here I've watched the branches bowing in the breeze and their shadows on my wall at sunset is a study in shadow-graph.

Then the telephone becomes a regular game. You can catch an occasional word of the one-sided conversation and from it, try to tell who the person at the other end may be. Sometimes you win, sometimes you're far from the mark.

Then there was the fire dance—yes, I said fire dance, for that is what friend husband said to me when he came in the other evening. "You should have seen the fire dance!" I suppose I lay with an idiotic expression on my face as I tried to visualize a company of Indians performing a ceremonial dance in our field—but no such matter. "It's Amos," said friend husband. Now as you know, or perhaps you don't, Amos is our young black cat. "Well," went on the head of the house, "I was burning up some rubbish in an old can when I saw the dance. First Amos crouched low, a considerable distance from the fire, then, leaping up and throwing his paws in the air, he crouched down and crawled up to the pile after which he went round it like a tornado, with leaping and prancing, and away down the yard to do it all over again."

I and for the sake of the lovely guess friend husband's a good narrator for I could see Amos in the twilight round the leaping pile. I could give my girls their Christmas party this year, but THEY gave me a very beautiful gift which I will cherish and use and enjoy for his own sake, and for the sake of the lovely thought behind it. Yet one sees with other and others eyes when the twilight round the leaping pile.

CONTEST OPEN ONLY TO COUNTRY PEOPLE

Forty contestants sent in correct answers to last week's classified ad contest. Mrs. Seneca Cook, at Chandler's Ladies' Wear, drew the five winners. They are: Mrs. A. Thompson, Mrs. C. Pipher, 15 Ontario St. W., George Atkinson and Mrs. F. Carley, all of Newmarket, and Alan Bunn, Roche's Point.

These five winners have their choice of the program at the Strand theatre on Tuesday, Jan. 22, when Hedy Lamarr, Robert Walker and June Allyson star in Her Highness and the Bellboy, and Lon Chaney stars in Pillow of Death, or Thursday, Jan. 24, when Charles Boyer and Lauren Bacall star in Confidential Agent, and Lee Tracy and Brenda Joyce star in I'll Tell the World. The winners may pick up their passes any evening at the Strand theatre.

The correct answers were: respectable, bracelet, apprentice, badminton, equipped, attachment, certified, necessary, license and stainless.

THIS WEEK'S CONTEST

The five winners of this week's contest will receive double passes and will have their choice of the program at the Strand theatre on Tuesday, Jan. 29, when Bing Crosby, Bob Hope and Dorothy Lamour star in Road to Singapore, and George Sanders and Geraldine Fitzgerald star in Uncle Harry, or on Thursday, Jan. 31, when Yvonne DeCarlo, Rod Cameron and Andy Devine star in the technical production, Frontier Gal, and Lois Collier and Kirby Grant star in Penthouse Rhythm.

Contestants are asked to send their entries in on a slip of paper two and a half by four and a half inches (2 1/2" x 4 1/2"). ENTRIES SENT IN ON A SLIP OF PAPER LARGER THAN THE ABOVE SIZE WILL NOT BE ELIGIBLE. Entries must reach The Era and Express office by 9:30 Tuesday morning. Only one entry will be accepted from any one household or family and the entry must be in the contestant's own handwriting.

This week's classified ad contest is open only to country contestants. The vowels have been dropped and the remaining letters scrambled. Here they are: TBNM, KTWSPH, NNDTSG, LVWS, QTRS, SRSDCKMN, T-WRNV, MPRPT, SBNS, SBRS, RW.

Aurora Starters Carry Off
Palm In Mercantile Tilts

Before close to 500 fans who braved sub-zero weather the Aurora mercantile hockey circuit got off to a gala start for 1946. It was an inter-town clash and the Aurora and district fans got a big kick out of seeing Zephyr and Ballantrae, the two local clubs take decisions over Newmarket Veterans and Roche's Point. Councillor Stewart Patrick faced the puck.

It will be a long time before the district fans see a better game than the clash between the Vets and Zephyr Blues, twice winners of the Aurora league. Zephyr eked out a 2-1 verdict over Jack "Cegars" McDonald's ex-servicemen.

The first period went scoreless with play about even, with both Smith and Dillman making spectacular saves. May drew the first penalty of the game at the 6-minute mark in the second period, and he had just nicely returned to the ice when Whitey Bone, long an Aurora favorite, set sail and blasted one from about 20 feet which beat Smith all the way. Ken Pickering drew the only other penalty of the game shortly afterwards. Zephyr failed to cash in on several golden opportunities and it looked like Vets at the start of the third.

The Vets opened the third period with a short offensive that Zephyr was lucky to survive. At 7:10 or a neat passing play Clark Arnold got the equalizer as he took Bohmer Groves' pass in close. At 10:30 Ken Pickering scored the vital one combining with Chet Lunney. From there on the Blues were content to hold their lead.

Leon Smith, Joe Peal, Ken Pickering and Arnold played stand-out games for the Lockie crew, who didn't show a weak spot. Fred Dillman, Whitey Bone, Doug May and Stan Evans were the pick of the Vets.

Vets: goal, Dillman; def., May, Bone; c., Gibney; wings, Evans, Melnis; subs., Knowles, Wrightman, Johnston, Brown, Legge, Dobbie.

Zephyr: goal, Smith; def., Peal, S. Lunney; c., C. Lunney; wings, Pickering, Clark; subs., Groves, Arnold, Smalley, J.

WITH THE FORCES

Cpl. "Nip" Spooner has been transferred from the Aurora R.C.O.C. Depot to Montreal, Que.

Capt. Robert Willis, who returned from overseas recently, has accepted an appointment to the staff of Thornbury high school.

Charles Seath, who recently received his discharge from the army, has returned to his studies at Aurora high school.

L.-Cpl. Bill Wilson, C.A.C., Camp Borden, spent the weekend at his home.

Sgt. Frank Hill, R.C.A.F., has received his discharge after being on service for four years.

Cpl. Alan Stephenson, Hamilton, spent several days with his parents, Mr. and Mrs. Laverne Stephenson, recently.

Staff-Sergeant Kenneth Babcock has received his discharge and is now employed in Toronto following five years' service.

C.Q.M.S. Howard Bunn, C.S.M. Jack Orr, Ex-Sgt. Clifford Bell, Sgt. Jim Cherry, Capt. Tom Hopkins, Sgt. Syd. Lustie, Sgt. Charles Ellis, Sgt. George Shoultz, ex-C.S.M. T. A. M. Hulse were among those from the district who attended the annual dinner of the warrant officers and sergeants of the Queen's York Rangers in Toronto on Saturday.

Mr. and Mrs. Leland Bryan have received a letter from Naples, Italy, from their son, James, who is sailing with the merchant marine.

Cpl. Alfred Kirk, R.C.A.F., has received his discharge after being on service for four years. He has resumed his employment with the Davis Leather Co., Newmarket.

Johnson.

Herb Simpson led his Ballantrae Shells to a soft 11-1 win over Charlie Walnick's Roche's Point huskies. Sartorially splendid in green, red and white sweaters, the northerners lacked experience and speed, and only the sensational net-minding of "Dusty" Pivnick kept down the score. Ballantrae was smooth in the passing and strong in every position, and took things fairly easy.

George Derusha, first string centre, banged home four counters and picked up an assist for the best performance of the night. Wid. Clarke, classy left winger, and Red Cooper, on defence, both bagged a couple of counters with Bun Hood, George Hood and Whitey Williams getting singletons. The crowd was pulling for "Herbie" to get a goal but Pivnick was too good for the veteran who did garner a couple of assists. It was 2-0 at the end of the first, 6-0 at the end of the second. Chub Spenceley, while he didn't score, played a strong game on defence.

One thing that can be said about the Point's crew is that they are a gamecock crew of fighters, and down hopelessly in the final frame, they put up their best display and were finally rewarded when Claude Pollock beat Boadway. Pivnick had 32 shots to handle and he couldn't be blamed on a single goal.

Referee Ewart Pinder refereed both games and in the second game didn't have to hand out a single penalty. Three-star awards in the nightcap go to Derusha, Clarke and Pivnick.

Ballantrae: goal, Boadway; def., Spenceley, Cooper; c., Derusha; wings, Clarke and Redshaw; subs., Williams, Lintner, Simpson, B. Hood, G. Hood.

Roche's Point: goal, Pivnick; def., D. Anderson, B. Robinson; c., J. Holborn; wings, Todd, E. Anderson; subs., Thompson, Folkeard, H. Wrightman, Hare, Mahoney, Pollock, Lawton, G. Holborn.

PLAN ENTERTAINMENT
FOR RETURNED VETS

Councillors Dr. Crawford Rose, William West and Rod V. Smith were named as a special committee by Mayor Ross Linton to deal with the banquet, entertainment and presentation in honor of Aurora's ex-servicemen and women. They will confer and work with other organizations in town to have their plans completed as early as possible this year.

The gifts to be presented by the town are now on hand. An honor roll will be erected in the council chambers, and a Union Jack purchased.

TWO ARMY CHAPLAINS
HOME FROM OVERSEAS

Two Canadian army chaplains, both Church of England ministers of the district, arrived home from overseas this week in the persons of Hon. Capt. R. Keith Perdue of Trinity Anglican church, and Hon. Capt. W. G. Worrall, rector of All Saints Anglican church, King.

Capt. Perdue enlisted in 1942 and was stationed at Simcoe camp before proceeding overseas in 1943. He saw continuous service on the continent from D-Day onwards.

Capt. Worrall enlisted the same year and went overseas in 1943. He has been chaplain at one of the largest base hospitals in England.

BOLTON COUNCILLOR

Werden Leavens, publisher and editor of the Bolton Advance, husband of the former Marjorie Malloy, Aurora, has been elected as a member of the village council at Bolton.

SERVING AURORA AND DISTRICT

Recommendations Of
Councillors Will Be
Tabled Next Month

Two important notices of motion were filed before Aurora town council at its opening meeting on Monday night.

Councillor Rod V. Smith gave notice that at the next regular meeting he will introduce the question of remuneration for the mayor, reeve, deputy-reeve and councillors. Councillor Smith was prepared to have the matter tabled at the first meeting, but in view of the absence of Deputy-reeve A. A. Cook, Mayor Ross Linton requested it be left over until a full attendance of council.

Councillor Dr. Crawford Rose gave notice that at the next regular meeting he will move for the appointment of a returned veteran as a full-time day constable for the town, to give the municipality increased police protection.

Councillor William West requested that the finance committee prepare a survey of the wages and duties of all municipal employees to be placed before council at its next meeting.

Council authorized the mayor and clerk to enter into an agreement with Charles Cook for the acquisition of lands needed for the extension of Burnett St. No money is involved beyond the expenditures the town will have to make to establish "a street" by November, 1947.

Councillor Stewart Patrick requested the town to consider the purchase of a small tractor for road work and snow removal in town, and offered the free use of his own tractor as an experiment for a week. The offer was accepted by Reeve C. E. Sparks, chairman of the streets committee.

Mayor Ross Linton, in his address to council following the appointment of committees, suggested the following points should be considered by the various committees in 1946:

Finance: The early tabling of the budget for 1946. The revision of the assessment throughout town to provide a more equitable basis.

Streets: The improvement of road conditions on Kennedy and Spruce Sts. The erection of new stop signs. A conference with the hydro commission to get improved street lighting.

Fire and Water: Prices and plans for a reservoir for water supply.

Social Services: The re-introduction of the question of securing a V.O.N. nurse.

Property: A new foundation for the Aurora arena. The renovation or removal of the town park fence. A fire-escape at the old town hall. The sale of surplus municipal equipment.

By-Laws: The passing of a by-law re stop streets.

Sports and Publicity: The re-numbering and renaming of all streets in town. Balanced schedules for the arena and park. The erection of playground equipment in the park.

Rehabilitation: The extension of George St., Burnett St. and Kennedy St. Obtain prices on the installation of artificial ice and consider the question of a curling rink.

Recreation: The extension of George St., Burnett St. and Kennedy St. Obtain prices on the installation of artificial ice and consider the question of a curling rink.

ment for a week. The offer was accepted by Reeve C. E. Sparks, chairman of the streets committee.

Mayor Ross Linton, in his address to council following the appointment of committees, suggested the following points should be considered by the various committees in 1946:

Finance: The early tabling of the budget for 1946. The revision of the assessment throughout town to provide a more equitable basis.

Streets: The improvement of road conditions on Kennedy and Spruce Sts. The erection of new stop signs. A conference with the hydro commission to get improved street lighting.

Fire and Water: Prices and plans for a reservoir for water supply.

Social Services: The re-introduction of the question of securing a V.O.N. nurse.

Property: A new foundation for the Aurora arena. The renovation or removal of the town park fence. A fire-escape at the old town hall. The sale of surplus municipal equipment.

By-Laws: The passing of a by-law re stop streets.

Sports and Publicity: The re-numbering and renaming of all streets in town. Balanced schedules for the arena and park. The erection of playground equipment in the park.

Rehabilitation: The extension of George St., Burnett St. and Kennedy St. Obtain prices on the installation of artificial ice and consider the question of a curling rink.

A.H.S. DRAMATIC CLUB
CHOOSES 1946 OFFICERS

Aurora high school dramatic club has organized for 1946 with Willison Crichton as president. Miss Lois Spooner is honorary president. Other officers are: vice-pres., Victor Styrm; sec., Joan Crysdale; treas., J. Hambly; wardrobe and library, Roland Moddle, Jim Willis and Vincent Casey.

QUEEN'S YORKS
GET TOGETHER

The warrant officers and sergeants of the county reserve unit, the Queen's York Rangers, held their annual dinner at Fort York Armory on Saturday evening. Guests of honor included the honorary colonel, Hon. W. J. Stewart, O.B.E., Lieut.-Col. C. H. Reeve, E.D., officer commanding, Lieut.-Col. J. H. Bennett, V.D., senior officers of the unit and many former warrant officers and sergeants of the regiment who have returned from active service. Commissioner Hugh Griggs, reeve of Mimico, represented the county of York.

R.S.M. William Stocks was toastmaster and an impressive moment came when the padre, Hon. Capt. the Rev. W. J. Shires proposed the toast to "fallen comrades." The lights were dimmed and a spotlight played on an illuminated cross while Reveille and Last Post were sounded.

Toast to the County of York was proposed by C.Q.M.S. Howard Bunn of Aurora. Commissioner Griggs responded and told the unit the county was proud of a job well done. He urged all to co-operate in seeing veterans get jobs. Over 13,000 were already reported as unemployed, he said. "The establishment of small industries throughout the county is a highly desirable thing. Ninety per cent of our present big industries once started in a humble way."

Sgt. J. Lines proposed the toast to the regiment which was responded to by Col. Reeve who said the "Queen's Yorks just can't be kept down." He traced the various periods of adversity and said at the outbreak of the war the Yorks were the most efficient unit in the Toronto garrison and had been let down very badly. Nevertheless, the unit, despite the fact it wasn't mobilized until late in the war and never sent overseas as a unit, had sent over 150 officers and 2,000 men on active service. He expressed the thought some recognition should be given to the reserve army by defence headquarters for the important work it had done.

Sgt. W. Dean proposed the toast to the guests, which was responded to by R.S.M. Teddy Baker of the Toronto Scottish. All guests were introduced to the gathering by roll-call.

Col. W. J. Stewart spoke briefly and said that it was no time to disband the militia. In 1939, it was the militia who had filled the breach, he said. No one knew what might arise yet, and reserve army training if nothing else provided exercise, needed discipline, and a reserve police force and he urged those present to attend parade regularly and bring others into the unit. "You can be proud of what you have done," he added.

WITH THE CHURCHES

The Aurora Building Company has commenced work on the alterations and repairs at Aurora United church.

R. Hoover of Grace Tabernacle, Toronto, was guest speaker at the Aurora Pentecostal Tabernacle on Sunday.

The W.I.O. class of Aurora United church met on Tuesday evening at the home of Miss Amy Webster.

The annual meeting of Aurora Baptist church is being held Jan. 23 at 8 p.m. at the church.

COUPLE HONORED AT
SHOWER AND DANCE

Revelry ran high last Wednesday night at the Veterans' Social club, Newtonbrook, when 125 friends and relatives gathered to honor Marie Nielsen and Russell Clubine at a shower and dance.

Many beautiful and useful gifts were received. Cliff Antle, a friend who served in India with Mr. Clubine, acted as master of ceremonies and provided the guests with many laughs.

Refreshments were served, after which everyone enjoyed dancing to music provided by Stan Kennedy's sound system. The young couple will be married on Saturday, Jan. 19, at the Metropolitan church, Toronto. Saturday is the wedding anniversary of the groom's parents.

PROTEST LACK
OF REST ROOM

First delegation to appear before Aurora town council in 1946 was one from the Aurora Women's Institute headed by Mrs. John Klees. Mrs. Klees requested council to consider three things: first, improved lighting on the streets; second, the procuring of better accommodation for passengers on the Gray Coach Lines; third, the establishment of a public lavatory to accommodate tourists, farmers and townspeople.

"There are many dark spots throughout town, several people have had severe falls because of them, and we don't want hold-up or other crimes happening here as they are elsewhere," Mrs. Klees said.

The mayor and council assured the delegation this matter was already under consideration and with a rebate back on street lighting from the hydro commission, they were certain to get better and brighter lights.

"Those taking the early morning bus have no place to take shelter from the cold or rain. The same is true for late buses and we don't think they should have to stand outside," said Mrs. Klees. "The council might ask the T.T.C. if they can find a more suitable place. The new stop-light will make more traffic jams at the present stop. Perhaps the hotel or some place else could be used. There are no toilet facilities either for those on the bus, or any place in town for tourists, farmers, and any one down town."

"I understand the Institute and council in Newmarket have a public rest room," said the mayor. "It is jointly maintained."

"We haven't many members or much money, but we would help council all we could in such a matter," said Mrs. Klees.

"This is the kind of delegation we like to get," said the mayor. "We like to get constructive criticism and new ideas." He outlined steps that had been taken in the past with the coach lines for better facilities and service but without much success.

"We gave this thing a thorough going over in council before, but we must do something again," said Councillor Dr. Crawford Rose. "It was tried once before to get the stop moved, but the coach lines didn't approve the proposed change. It would be too bad to see anybody lose money by a change, but something has to be done. The parking of buses is another thing that can't go on as it has."

"The worst fault is to have the people with no place to stand but in the cold," said the mayor.

"The old radicals at least gave us a good waiting room," said Mrs. Klees.

"We'll have to take it up again. With the war over we can perhaps get something done," said Reeve C. E. Sparks. "You would strengthen our hands if you would write a letter to the T.T.C. telling them of your complaints. That will back any action we take and let them know you are behind us," said Councillor A. N. Fisher.

Council in committee decided to write a letter to the Gray Coach Lines protesting against the present practice of passengers being forced to wait outside at early morning and in the evening. A committee composed of Councillors Rose, Fisher and Patrick was appointed to seek conference as well with the commission officials and to try and iron out complaints regarding bus service in general as well as the particular complaint.

Ratepayers Protest
Placing Of Church
On Yonge St. South

Dr. E. J. Henderson and Gordon Bunt appeared before Aurora town council on Monday night to present a petition bearing the names of 21 ratepayers who were protesting against the council order permitting the Aurora Gospel church to erect a church building, hauled in from Pine Orchard, on its present site on south Yonge St. adjacent to both the business and residential sections.

The petition read: "We, the undersigned citizens of the town of Aurora, do hereby protest the erection on the west side of Yonge St. south of Mr. Frankom's house, of the church building on the ground that it is unseemly and deteriorates from the appearance of the locality, and also on the ground that it contravenes the existing fire and building by-laws and we do hereby appeal to the town council to take such action as may be necessary, to have the said building removed."

"I want it clearly understood we have no quarrel with the church members, and are heartily in favor of freedom of worship and the right of people to decide such matters for themselves," said Dr. Henderson. "What we are objecting to is bringing into Aurora an old building from Pine Orchard and placing it on our main street. Yonge St. is our main artery of traffic and it is a matter of civic pride to keep it as attractive looking as possible. There has been quite a bit of money spent by property owners north and on the same side, and they with other ratepayers object to the present building."

Dr. Henderson expressed doubt that the building could ever be put in shape to do credit to the street, and suggested that there might be other sites that would more advantageously for a place of worship, away from noise and traffic. He said the church building would be more suitable to other districts. The building could be easily moved elsewhere now, he added.

"Our good will is shown by the fact that the petitioners are ready to contribute as much as \$50 or \$75 towards the expenses of removing it elsewhere," he said. "I don't think you get many petitions where those making them are prepared to back up their opinion with money. If a church in keeping with the main street was being erected it would be different. It is not just our own citizens we have to think of but those coming through town. Practically every taxpayer in the area has signed. They are all responsible citizens and with all due regard to the rights of the church congregation, their wishes should be seriously considered. They are not the type of people to protest without cause."

A discussion of the building restrictions indicated that the church building was not within the designated fire area and that providing the proper type of foundation was erected, with an outside entrance, and the building either stuccoed or insulated, it would comply with the provisions of the by-law. Dr. Henderson said the petitioners would be willing to sit in a round table discussion on the matter.

Following discussion of the matter in committee council agreed with Councillor R. V. Smith's suggestion to contact Donald Galbraith and church officials and attempt to arbitrate the matter to the satisfaction of all.

"The motion picture industry is an honest, intelligent industry completely aware of its responsibilities to the community and of its obligations to the nation," said Arch. H. Jolley, motion picture executive, in an address to Aurora Lions club Thursday. "Today in North America alone there are 20,000 theatres, and an estimated 73,000 throughout the world. From the early audience of 100 people, the motion picture industry now entertains over a hundred million people every week in North America and probably as many as three hundred million throughout the world."

Arrangements for Mr. Jolley to address the meeting had been made by the late Edward Warren of the Royal theatre and Mr. Jolley paid tribute to Mr. Warren in his opening remarks. Archie Cousins introduced Mr. Jolley.

Mr. Jolley forecast vast expansion of the industry and re-situating employment as soon as building materials were available. "The public will be provided with roomier seats, making it unnecessary to stand to let people pass in front, wool on the floor instead of carpets; new, improved air conditioning; and innovations in lighting effects. Possibly in the not too distant future third dimension photography and projection will be perfected and used in the theatres. The actor or actress will stand out in bold relief against the rest of the picture—you will feel they are in your very presence. Television may be in the theatres within three years for sports and special news features only."

Ontario theatres, he said, enjoyed the reputation of being "the safest theatres on the North American continent." This was achieved by rigid governmental control and the co-operation of the theatre owners, he declared.

"Censorship, within the industry or by public bodies, does not of course mean all films are suitable for people of all ages," he stated. "The same can be said of books, painting and the stage. The sophisticated bedroom farce can be hilarious and quite wholesome entertainment for an adult. It cannot be considered proper for a child. A parent who has the welfare of his child at heart would not permit him to read a book of this nature and should not permit him to see a motion picture on the same theme." Church and parent organization, and theatre owners did their best to classify as suitable or unsuitable pictures for children, he declared, and urged that the theatre manager be consulted if parents had any doubts on a certain picture. "The theatre manager is very conscious of his duty to his community and he knows the kind of pictures children should see. Saturdays and holidays were the only days children could enter a theatre unaccompanied and the owners invariably booked suitable films."

"During the war the use of films for training, for putting across information and appeals was widely used, he stated."

Miss Mary Alexina "Lexie" Mortson, Jefferson, well known music teacher, died at York County hospital Sunday. The daughter of the late Joseph and Mary Mortson, she had lived in the district all her life. She was a graduate of the Toronto Conservatory of Music and held several degrees. At one time organist at Trinity Anglican church as well as having many piano pupils in the district, she was also choir leader at St. John's Anglican church, Oak Ridges, for some years. She was a member of the Church of England.

Funeral service was on Tuesday from her late residence, "Dentmor Downs," Jefferson, with interment at St. John's cemetery.

Aurora's new traffic light at Yonge and Wellington Sts. blinked for the first time on Saturday afternoon, causing considerable confusion to motorists who were surprised by its signal. Generally speaking, it worked well, except when it jammed for a few moments. It was set at 55 seconds green on Yonge St. and 25 seconds on Wellington St., a figure County Constable Aubrey Fleury thought would prove satisfactory. Since Saturday the yellow caution light only has been used to get passing traffic accustomed to the fact a light is there. The town also plans to install "Caution" and "No U Turn" signs shortly.

NOTICE OF DISSOLUTION

Notice is hereby given that the partnership heretofore subsisting between us, the undersigned Joseph Thomas Quinn and William Bernard Lee, carrying on business as truckers under the firm name of QUINN AND LEE CARRIAGE, in the town of Newmarket, has this day been dissolved by mutual consent.

All debts owing to the said partnership are to be paid to the said Joseph Thomas Quinn at Newmarket, aforesaid, and all claims against the said partnership are to be presented to the said Joseph Thomas Quinn, by whom they will be settled.

Dated at Newmarket, Ont., this 7th day of January, 1946.

Joseph Thomas Quinn and William Bernard Lee,

DOWN THE CENTRE

By AD HULSE

Mild weather has, of course, played havoc with district hockey schedules with last week being a total blank except for one or two junior B games on artificial ice and several O.E.H.A. games in the Tri-County league. Apparently Ellis Pringle at Sutton and the boys around Woodville and Cannington have either been favored with colder weather or have discovered a new means of preserving natural ice.

Les Beazer, Jimmy Goulding and all the rest charged with the responsibility of producing ice have worked overtime to keep a base for future operations. As we write at the week-end there's still no ice but indications are that Jack Frost will shortly be around to do his stuff. Much as we hate to think what may happen to the coal bin when "winter comes", we've just got to have some ice for the kids and hockey fans.

Artificial ice, as never before, has been shown as a district necessity for the area. We understand Newmarket is busy securing prices and information and that the Aurora town fathers are also toying with the idea since the municipal arena debentures are now paid off. Doubtless they're thinking the same thing down around the Hill. Who'll be first away from the barrier?

Hither and yon and then some: Jimmy Hanson, who a few years ago was the ace young cyclist of the Aurora Cycling club and was a star in the making if there ever was one, is still stationed at Whitehorse in the Yukon with the R.C.A.F. No shortage of ice there according to James.

Charlie Holmes, who not so long ago was the man behind the scenes in softball and hockey at Newmarket and who has been at Stratford with the Bell Telephone, has received a nice promotion and has been transferred to Hamilton. "Chart" is the new superintendent of construction for the Bell at Hamilton, a mighty responsible post but one right down his alley. Only fly in the ointment is that with housing as is, Mrs. Holmes and the family will have to remain in Stratford pro tem. Charlie is closer, too, to his native haunts at St. Catharines, "the Miami of Canada", and it probably won't be long until he's back in sports again.

Home from overseas last week came that old buckaroo of the bush leagues and high school competition, Nip Armstrong of King. George was overseas three years with the R.C.O.C. and saw most of the action on the western front. Harold Botham already has his pencil and certificate in hand to line up Armstrong for the Aurora-Vanport club in the Aurora league. Don't forget, too, Harold, that our old buddy, Ken Brown, who used to perform with elan and elat for Aurora juniors, Oak Ridges and King City, is back in circulation again after reaching Germany with the Argyls. "Sarge" should be about ready for action again on the ice lanes, though perhaps his better half will think otherwise. How come we haven't seen you yet Curly Locks?

Benny Grant of Owen Sound, who left his service station several years ago to stage a comeback and try and ease the goal-tending sport for the Toronto Maple Leafs, without success, is handling the linesman's job this winter up at Owen Sound where he is more than comfortably located. How he must have laughed at the dilemma of the Leafs earlier in the season!

Sorry to hear that Jack Wheeler, a former defence star of the Newmarket camp team, may be forced to give up hockey for good because of illness. Jack was looking mighty perky with the Collingwood Shipbuilders who have the club to beat in intermediate A competition but the medics said icky. "Dutch" is still singing "say it isn't so" but the latest advice is that he'll retire.

Jerry Oliniski, ex-Cleveland Barons, last year one of the sturdiest defencemen of the Toronto Navy team in the services league, is with Cornwall in the Quebec senior league this winter and one of the stars of the club, too.

For the books: Some weeks ago we mentioned having seen Don Gilheoley of Barrie Colls waltz home the rubber six times in a row before anyone else on his team scored. That was in Junior B competition and we queried about whether or not it was a record. It has been drawn to our attention by one of our readers that Frankie Parker of Port Arthur, playing midget hockey, once tallied 14 goals in a row as his team won a contest 14-0. Parker also got something like four more goals in a row in his next contest, too. We don't know if anyone else has ever made a better effort. As Junior B is, however, quite a bit better than midget in class, Gilheoley's performance still stands out prominently. Parker was listed on "must" section of one or two of the pro teams but didn't get into midget hockey because he enlisted in the army quite early, in fact he spent two and a half years in a German prison camp. Back from overseas, he is now playing for Hollywood Wolves in the Pacific coast league.

Right close to home we have two former prisoners of war playing hockey again. Allan Harper, who was taken a prisoner by the Japs at Hong Kong and only returned home a few months ago after undergoing some nasty treatment from the Nipponese, is turning out with the B Lemonville team in the Stouffville bush league and doing a good job too.

Bruce Lintner of Stouffville, who was captured by the Germans and likewise had some harrowing experiences, is a member of Herb Simpson's Ballantrae club and may be seen in action at either Aurora or Newmarket in the mercantile league.

Joint McComb, who after a below par start is now going great guns for Providence Reds in the American league, not long ago set a new record for the Providence arena when he scored a goal within six seconds of the opening whistle. The Reds were playing against the league-leading Hershey Bears and "Bill" blasted a sizzler past Hank Damore for the opening tally. We have seen some of the American papers in recent weeks and we are pleased to report that Joint is beginning to get some notice from the sports writers around the circuit and is becoming a top attraction.

Headlines from St. Louis recently read, "Late attack beats Flyers, McComb, Jamieson star". All this is good news indeed for those who have been pulling for the former Aurora junior-Newmarket camp star to make good. Coach Yank Boyd regards McComb as his most improved player and with the coach and his teammates now understanding his style of play and temperament he should finish the year in a blaze of glory and be headed for bigger and better things. Rangers and Leafs could do worse than give Joint and some of the other American league players a whirl.

The Jamieson referred to is not Tommy Jamieson who played with Newmarket camp last year and is now with Toronto Staffords, but Wendy Jamieson, who performed for Oshawa Generals a few years ago. Among the better known players still with Providence are ex-Leafs Gordy Bell and Bingo Kampman and ex-Ranger Chuck Scherza, Jacques Lavoie, Roger Bedard, Lemieux, Bellemare and Gagne are five French-Canadian products making good with the Reds.

Yours truly is scheduled to make a debut as a basketball referee in these parts as the North York secondary school circuit tees-off this week for what should be a bang-up season with plenty of color.

Incidentally, the Markham-Unionville Lions clubs have taken over the Unionville rink, and the Crosby Memorial arena is now one of the most attractive in the district. Club members took their coats off, beautified the grounds, did a lush repainting job, improved the seating and installed a sound system, all for free except the materials. Skating and kid hockey have been allotted plenty of time.

Del. Beaumont, who played swell hockey for Aurora juniors in 1940 and 1941 and then went to Marlboro juniors for a season before joining the Canadian navy, is playing with Georgetown intermediates this season and is also with Stoneys in the Varsity mercantile circuit. Del. is on the negotiation list of the Toronto Leafs, who sent him to Aurora, and he was expected to make one of the Toronto farm clubs this year. Delay in discharge and sickness cost him his opportunity. He is going great guns again and has the build to stand the heavy going.

Weston Lions are sponsoring a midget N.H.L. league this season and one thing they are insisting upon is a waiver from the parents or guardian of the player that the club will not be held responsible for any injuries sustained. They get it in writing, too.

Rules adopted which are signed by each boy are as follows: I promise that I will not smoke; that I will not neglect school work; that I will get plenty of sleep; that I will always be on hand for practices and games; if I cannot I shall notify the coach in good time; that I will play hard and clean; that I will be a good winner or loser; that I will work in harmony with my team and my coach.

Perhaps a similar set of rules will be adopted in the district for the local youngsters. Not that they need it, particularly in Aurora, where Del. Habscock and Bill Holloway have done such a good job, but kids like certificates. They like rules and pledges and the swearing in of a club and the repeating of the pledge is something that lasts. The real test is for parents and those in charge of the kids. Perhaps somebody should draw up a set of rules for them, too.

Newmarket camp will not play in the Camp Horden league as originally planned, but will have a series of games against Brantford camp, Orillia camp,

In Memoriam

Gibson and Swain—In loving memory of a dear mother, Mrs. May Gibson, who departed this life January 22, 1945, and Gramma Swain, who died December 22, 1944.

No one knows the silent heart-aches,
Only those who have loved can tell
The grief we bear in silence
For the ones we loved so well.
Ever remembered by Elias, Ina and Verne.

McCormack—In loving memory of a dear father and grandfather, George W. McCormack, who passed away Jan. 19, 1945. A silent thought, a secret tear. Keeps his memory ever dear. Time takes away the edge of grief. But memory turns back every leaf.

Ever remembered by daughter, Margaret, and grandson, Stanley.

Rogers—In loving memory of a dear husband and father, Fred Rogers, who passed away January 13, 1942.

From our happy home and circle
God has taken one we loved,
He is borne away from sin and sorrow.

To a nobler rest above.
No one knows how much we miss him,
None but aching hearts can tell,
Lost on earth but found in

NOTICE

The annual meeting of Mount Albert cemetery Co. will be held in the telephone board room on Monday, Jan. 21, at 2:30 p.m. for reception of reports and election of board directors. Jas. Harrison, president; W. R. Steeper, secretary.

heaven,
Jesus doeth all things well.
Lovingly remembered by wife and children.

Sedore—In loving memory of John H. Sedore, who passed away January 22, 1944.

Gone, dear grandfather, gone forever;
How we miss your smiling face,
But you left us to remember

None on earth can take your place.
A happy home we once enjoyed,
How sweet the memory still,
But death has left a loneliness

The world can never fill.
Ever remembered by Cecil, Bernice and children.

Shanks—In loving memory of our dear mother, Mrs. Albert Shanks, who passed away Jan. 22, 1944.

With tears we watched you sinking
We watched you pass away.
We tended you with loving care
But could not make you stay.

We watched beside your bedside
As the lonely hours passed
How our hearts were broken,
Mother,

When we saw you breathe
your last.
But God knew that you were suffering

And that the hills were hard to climb
So he closed your weary eyelids
And whispered, Peace be thine.

Lovingly remembered by daughter and sons.

Woodcock—Pte. Howard Woodcock, killed in action in Italy Jan. 17, 1944.

We do not need a special day
To bring you to our mind
For the days we do not think of you

Are very hard to find.
Sadly missed by mother, father, sisters and brothers.

Woodcock—His weary hours and days of pain
His troubled nights are passed
And in my aching heart I know
He has found rest at last.

Fondly remembered by his pal, Fred.

They will hold a euchre and five hundred party in the town hall on Thursday, Jan. 24.

Mrs. Steeper explained the handbook of the Institute, after which Mrs. B. Sinclair gave a quiz on the handbook which was won by Mrs. W. H. Burgess.

Mrs. Donald Stiver was the soloist for the afternoon and Marie Broad and Ramona Smalley played a piano duet. A social half-hour was enjoyed at the close of the meeting.

The third room has been opened up in the public school, with Mrs. Ken. Ross as the teacher.

ARENA NEWS

By LES BEAZER

Well, here we are back in business again and it was sure tough losing half our ice. We were able to save enough so that when the weather changed, we caught up quickly.

We are interested in kid hockey so we arranged to help the Midgets and Juveniles, 30 of them 14-18 years old. We gave them a free night, Tuesday, each week. We had 1,000 letters printed and gave them out at all the schools. Every child got one.

We had been told that you have to bring along kids two or three years before you can have a real team. Good logic. So we asked the citizens and hockey fans to come down and cheer for the kids. They did, all 103 men, women and children. And Newmarket's population is over 4,000.

We lost both games but we still have the best teams. We are told that we have to get into the play-offs to get the fans down to the rink. We are told that Newmarket fans only follow the winning team.

Ice Follies rehearsals: Sat., Jan. 10, 12 to 1 p.m., Cubs; 1 to 2 p.m., school, Chickery Chick; Mon., Jan. 21, 10 to 11 p.m., Drum Majorettes; Wed., Jan. 23, 8 to 9 p.m., barrel jumpers, etc.

Arena schedule: Friday afternoon, 1 to 5 p.m., free skating for the public school pupils, 8 to 10 p.m., public skating; Sat., 9 to 12 noon, Rantams, 8 to 10 p.m., public skating, fresh ice; Monday, 8 to 10 p.m., public skating; Tuesday, 7 to 9 p.m., Midget O.M.H.A., 8:30 p.m., Juvenile O.M.H.A.; Wednesday, 8 to 10 p.m., public skating; Thursday, Newmarket and district hockey league.

"Jack" Life is back at camp and is coaching the Juvenile team.

We have the costs and plans

for artificial ice.
Did you see the opening games of the bush league Thursday?

KESWICK TEMPERATURE FALLS TO 15 BELOW ZERO

Miss Doris Pollock was the guest of Mrs. Wm. Davison on Monday, Jan. 7.

Mr. Melvin Todd, Coburn, is the new assistant at the Bank of Commerce.

It was 15 below zero on Tuesday morning in Keswick, with a heavy snow fall all day Monday. The snow plow was through keeping roads clear.

Mr. and Mrs. Clarence Wright and son were Sunday guests at Mr. J. Wright's.

Mrs. Walker Rigler received word last Thursday of the death of her sister, Mrs. Margaret Crittenden Broughton, in Newmarket.

QUEENSVILLE

The Queensville Young People's Union is sponsoring a community skating party on Friday, Jan. 25, at the rink, for the purpose of beautifying the church grounds in the spring. After skating, lunch will be served in the Sunday-school room of the church, for which the ladies are asked to provide.

NO MONKEY BUSINESS

MISS ALICE SMITH IS BURIED TUESDAY

Miss Alice Smith, Wellington St., a resident of Aurora for many years, died Saturday. Miss Smith was born in Whitchurch township near Gormley to the late Mr. and Mrs. George Smith. Over 30 years ago she suffered an illness which made her an invalid. She bore her ailment with her great patience and cheerfulness and was especially skilled with brush and pen, as well as a great reader and conversationalist.

She was a member of the United church, and the funeral service was on Tuesday from P. M. Thompson's funeral home with Rev. Roy Hicks of Aurora in charge. Pallbearers were George, Victor, Harry and Everett Smith, Ralph Boag and Al. Penrose. Interment was at Aurora cemetery.

She is survived by three sisters, Susan of Aurora, Mrs. Harry McEwen of Goose Bay, Oregon, and Mrs. A. Patterson of New Jersey, and two brothers, Parker and Professor Ernest A. Smith, both of Whitchurch township.

AURORA MRS. WISNER IS 81

Mrs. Ida Wisner, Catharine Ave., celebrated her 81st birthday on Saturday.

AURORA A. A. COOK III.

Owing to illness, Deputy-Reeve Asa A. Cook was unable to attend the opening meeting of the Aurora council on Monday. He was sworn into office privately by Clerk A. C. A. Willis.

VANDORF

Mr. and Mrs. Wm. Kingdon were Sunday evening guests of Mr. and Mrs. Dickie.

There will be a congregational meeting at Wesley church Thursday evening. A pot-luck supper will be served.

The Wesley W.A. met at the home of Mrs. A. Pattenden last Wednesday afternoon. Despite the rain and fog, there was an attendance of 21. The ladies are making plans to have a bazaar in the fall. During the meeting they were presented with a substantial cheque towards the decoration fund.

Mr. and Mrs. Geo. Preston visited their daughter and her family for a few days last week.

GRADS TAKE SENIORS IN BASKETBALL TILT

In a well played basketball game on Friday at Aurora high school Aurora high school grads defeated Aurora high school seniors 31-23 in the opening game of the season. Ex-high school Captain Bill Williams and Ft.-Lieut. Craig McKenzie, D.F.C., directed the grads' play. Fresh from overseas, PO Doug Nisbet played a good game for the grads while other veterans from the services included Gar. Doolittle, top scorer, Doug Clarke, Doug Fisher and Lieut. Ted Johnson. Charlie Seath, another veteran, performed well for the school, while How. Patrick and Mickey McNaught were other stars.

Grads (31): Bill Babcock, Pete King, Gar. Doolittle, Bill Kerr, Doug Nisbet, Doug Kyle, Doug Fisher, Bill Doherty, Charlie Williams, Harvey Fingold, Ted Johnson, Doug Clarke.

A.H.S. (23): Charlie Seath, Howard Patrick, Charlie McNaught, Walter Bunn, Hugh Cousins, Keith Kyle, Jim McDonald, David Urquhart, Gordon Lee, Jim Monkman.
Referee: Melroy Babcock.

AURORA Legion Officers Will Speak To War Veterans

E. S. Evans, Toronto, vice-president of the Ontario command of the Canadian Legion, and W. T. Burke, secretary of the Ontario command, will be the guest speakers at the first meeting since being organized of the Aurora and district branch war veterans' association.

Both speakers are qualified to acquaint the Aurora veterans of the work of the Canadian Legion. It is expected that the meeting will decide whether or not the local organization will affiliate with the Legion. For this reason, the executive is anxious that as many veterans as possible attend to decide for themselves what they wish done.

In addition to the above question, certain committees that are needed will be formed which will have immediate work to do on veterans' problems. A short social program has been arranged and the executive promises the meeting will be as short as possible. All veterans of World War I and World War 2 are urged to attend.
